Prepared for Homeownership

***Don't say you can't afford to buy
a house, we will show you how!***

**A two income family of five earning
\$12/hr. each purchased a \$350,000
house using city assistance with a total
monthly payment of under \$1650.**

"We had been renting for 10 years on the same street and never thought we could afford to buy a home. Last year a friend of ours told us about the North County Homebuyer' Fair at Palomar College and invited us to join them in going. We just closed escrow on our new home on the same street we had been renting." M. Watson, Oceanside
